1. WELCOME TO THE SPRINGER SESSION 2025-26

“School bells are ringing loud and clear; session is over and new is here.”

– Winifred C. Marshal

Dear Parent,

On behalf of Springdales fraternity we are happy to welcome you and your child to Session 2025-2026. We are looking forward to a productive cooperation with you to ensure that our children can achieve their highest potential. We hope that the educational journey this year is a source of enrichment for your child and yourself. We are optimistic that this session will again be a time of new and novel learning- a session of new inception.

School Philosophy:

The educational programme of Springdales strives to create skilled learners and ethical leaders who will go on to the best universities anywhere in the world, pursue careers of their choice and lead a happy life. The school’s curriculum provides opportunities to develop various skills in students while keeping moral and social development at the foundation.

Some important information to get you started on the new session:

1. **Session 2025-26** will commence from 1st of April 2025 for classes **Pre Nur to 10th**.
2. The **school timing** during summers is from **8 a.m. to 12:45 p.m. (Monday to Friday)** for **Kindergarten** classes and from **8 a.m. to 2 p.m. (Monday to Saturday)** for classes **1st to 10th**. **1st and 3rd Saturdays** are usually holidays for students of classes **1st to 5th** unless informed otherwise.
3. A **School Kit** containing Information Booklet, Prayer Book (new students only), Student Diary, Fee booklet will be provided at the start of the session.
4. **Curriculum:** For information regarding Academic Guidelines, Holidays, Syllabus, Examination Calendar, Activity/Events Calendar, List of Books & Note books for the academic year 2025-26, kindly refer to the **Information Booklet** that will be provided to you.
It is important that parents go through the Information booklet properly to ensure a good start for the child as it gives all the information about curriculum.
5. **School Rules:** Kindly go through the **School Diary** for Guidelines and Rules concerning various aspects of the school including- Transport, Uniform, Examination, Discipline & Conduct etc. The same are also available on the school’s website www.springdales.org

Curriculum and Infrastructure Highlights for Session 2025-26

We want our students to be empowered with not just confidence but also with the desire to create a meaningful change, to find their purpose, passion & place in the world. We want them to utilize their time to acquire new skills & experiences through various **scholastic and co-scholastic activities**.

School Curriculum at Springdales is designed to encompass different spheres of child's holistic growth and character building. A team of **dedicated and meticulous teachers**, teach students in a way which is enjoyable, memorable and educative.

Following are the highlights of the curriculum to excite and challenge the learners in the session 2025-26:

1. The theme of the year is "**Spandan- The Spark Within**"
2. We have formed **Student Clubs** namely- Nature & Adventure Club, English Literary Club, Social Science and Heritage Club, Computer Science and Technology Club, STEAM Club. Students of classes 6th to 10th will get a chance to become members of this club and to perform and plan various club activities independently. This will help students put their learning into practice, hone skills or find real world solutions.

3. To instill competitiveness and leadership quality, school will conduct **Inter House competitions** wherein the four Houses namely Tawi, Indus, Chenab and Jhelum will compete for the overall trophy. **Student Council** is elected every year comprising of Head Boy, Head Girl, House Captains, House Prefects & Sports Captains.
4. **As per the requirements of the 21st century, STEAM learning** is introduced in the curriculum. STEAM is the acronym for Science, Technology, Engineering, Arts and Maths and propagates a hands on, project based system of learning connected to practical life. Through STEAM, students are expected to develop critical thinking and creativity to become the next generation innovators.
5. **Student Portfolios** have been introduced to keep a record of student's work and performance. In order to make education more child centric, a concept of student's self-evaluation is introduced. This will help us improve curriculum and identify gaps in students learning so that accordingly teaching can be made more effective.
6. **English Language Improvement Plan** is followed throughout the year. Winners are awarded at the end of each term for their performance based on Punctuation, Sight Words, Tell it again, Writer's unblocked, My Journal, Reading Campaign, Dictionary making. In some of these activities, students require assistance & encouragement from parents at home.
7. **School magazine – 'The Springer'** will be published twice in the session to promote creativity and self-expression of the students.
8. To improve skills in a fun manner and to connect subject knowledge with its application in the world **Special week for STEAM, Health and Physical Education and Literary activities** will be conducted in school wherein through special morning assembly events, zero period activities etc. students will immerse in the subjects practically and mentally.
9. Inter School competitions provide an opportunity to children, where they not only share their learning experiences but also enhance their communication and interpersonal skills. The school provides excellent opportunities to the students to take part in an array of Inter School Sahodaya competitions like Extempore, Debate, MUN, Elocutions, Sports, Art, Music, Dance and Exhibition etc.
10. A right kind of exposure with proper motivation to the students opens up umpteen ventures to explore and learn. To promote the development of elementary skills and healthy habits, a **Social Development Period** will be assigned once in a week for classes 1st to 5th. Life Skills, Critical Thinking, Multidisciplinary Learning, Health and Hygiene, Learning Good Habits would be the themes for this period.
11. **SEWA & SHRAMDAAN Activity** has been introduced through which students will engage in socially useful and productive work.

12. **Remedial classes** will be conducted and students who need to strengthen academically will be assigned on this program from April itself.
13. **Olympiads** on National Level are also conducted.

We hope that these changes bring out the best in our students. In cooperation with you, we will create a culture of school readiness- Ready to grow, ready to learn & ready to succeed. Thank you and have a wonderful year ahead!

Yours truly,

Principal

2. ACADEMIC GUIDELINES

1. Parents and students should go through the Information Booklet to understand the curriculum and make the most out of it.
2. Students should identify activities/competitions that interest them and seek timely guidance from the teachers on preparation.
3. Timetable will be given to the students. It should be followed and accordingly books and notebooks should be carried to school.
4. Parents and students should familiarize themselves with the requirements of notebooks for different subjects. Separate notebooks for T1 and T2.
5. Books and Notebooks should always be well covered and with a name-slip. Color coding as below is followed for classes Pre Nur to 5

Subject	Color	Subject	Color
English	Pink	EVS	Green
Hindi	Yellow	Computer	Purple
Math	Blue	GK	Red
Value Education	Brown	Music	Brown

6. An index has to be maintained in the notebooks (classes 1st and above). Format of the same will be discussed with the students.
7. WhatsApp group is created for each class with subject teachers and parents as participants.
8. We discourage children from taking tuitions. For any reason if a child is taking extra tuitions, it is important that the tuition is used for completing school HW only.
9. The subject teachers maintain a record of tests and notebook correction for every child.
10. Any notes or circulars sent by the school through the school diary should be signed by the parent.

11. Folders are provided to make a student portfolio. The portfolio should be bifurcated for different subjects using pastel sheets as per the color coding of the subjects. Following material will be maintained in the portfolios-
 - a. Any subject worksheets done in class or at home that the student would like to showcase (voluntarily or as per directions of the teacher)
 - b. Self-evaluation and feedback reports. (identify gaps in learning, subjects being enjoyed, what student would like to learn)
 - c. Any additional work / projects done in any subject apart from the book work.
 - d. Record of achievements
12. Folders can be reused.
13. Please motivate your child to come to school regularly and punctually so that no lessons are missed.
14. Talk to your child everyday about the happenings in school and take regular feedback on his learning and development.
15. Parents are partners of the school in the education process of their ward. It is of utmost importance that the parents cooperate with the school and work in tandem so that we are able to successfully mentor and educate the children.
16. The syllabus mentioned in the booklet is detailed monthly. It will help you track your child's learning in different subjects on a monthly basis.
17. Students will be given homework in order to reinforce the concepts taught in class. It is important that the HW is done as per the directions and formats prescribed by the subject teacher.
18. Parents are requested to check and sign the school diary daily for any homework or notes.
19. As all subjects except Hindi are taught in English, the importance of the English language is self-evident. The school places a lot of importance to learn English. Parents are requested to lay stress on the same and converse with children in English. Parents may also encourage their ward to view certain English educational programs on TV such as those on National Geographic or Discovery Channel.
20. English Language Improvement Plan is implemented in school with an attempt to improve language skills.
21. Parents should encourage their ward to inculcate a habit of reading. Read to them in case the child has not attained the reading level as yet. A multitude of books can be issued from the school library too. A suggested reading list is also provided in the information booklet.
22. Regular Parent Teacher meetings are conducted after examinations. Parents should attend these meetings regularly, so that they may take feedback about their ward's education and may discuss any concerns with the teachers.
23. Springdales believes in activity based, experiential learning. Activities are educational in nature and also are a fun way to learn. For conducting these activities parents may have to provide certain materials to their wards.
24. Make sure that your ward carries necessary stationery items daily. The list is incorporated in the information booklet.
25. Parents should look into health and hygiene of their ward and should ensure that their ward is always in proper uniform, his/her hair and nails are cut. Good physical and mental health leads to better learning and performance.

Other Instructions for Kindergarten Classes

1. There are many fun learning activities described in the text books. Parents can also perform these activities with their children. This will help build a solid academic foundation.
2. To make the school bag lighter, the rhyme books will be kept at home and will only be asked for when needed. Similarly, the art, school cinema, student portfolios and handwriting books will be kept at school and will only be sent home periodically.
3. Two notebooks are used on rotation for English, Hindi and Math and one for EVS. One notebook is sent for homework and the other is kept for classwork.
4. Stationery items, as per the list provided in the information booklet, have to be submitted with the class teacher at the start of the session.
5. Homework should always be done as per instructions and format used for Classwork so that there is uniformity in instructions.
6. An extra dress should be sent in the ward's school bag for emergencies.
7. Aprons, Spoon, Handkerchief, and Hand Sanitizer should be sent daily.
8. Extra diaper may be sent with the student (if required).

3. ELIP IMPLEMENTATION GUIDELINES FOR PARENTS

Apart from the regular English course, the school will continue with the English Language Improvement Plan (ELIP) under which various learning activities have been initiated. These activities will enhance the speaking, listening, writing and reading skills of the learners. The school has also included various speaking and listening activities in its curriculum through special assemblies etc.

As any language is learned by regular usage, it is important that students regularly immerse themselves in the language even beyond the school hours. Therefore, the role of the parent is very important in helping us develop communication skills and better academic performance amongst our students. Please find below, the list of ELIP activities and understand the intent and the role of the parent in these:

ACTIVITY NAME	PURPOSE	PARENTS ROLE
Reading Campaign	To inculcate the habit of reading amongst students. It is known that reading is very beneficial for an individual. Not only does it improve language but also helps in intellectual development.	Parents to ensure that their child issues books from library or purchases them from the market. Reads regularly with or without help and maintains a reading log.
Punctuation	To improve the basic skill of writing. This also helps in reading or writing when children understand the use of period and comma etc.	Punctuation worksheets would be given. Parents to ensure that the child completes those. HW should be done with proper punctuation.
Dictionary Making	To improve vocabulary and hence reading and speaking skills.	Parents to ensure that the child maintains a dictionary in the ELIP notebook and regularly adds words with their meanings and frame sentences..
Sight Words	Sight words are those basic words that are regularly used in language. When children are able to read and pronounce these words well just by looking at them, they become more confident and faster readers.	Sight word lists will be given. Parents to ensure that the child is able to read the words effortlessly and with correct pronunciation.
Tell it Again	In this activity story telling sessions will be conducted in class where students would be asked to recite / speak / discuss on any story	After a child reads a story or comprehension, the parent should

	from their English text books or otherwise. This will improve the speaking and listening skills of the students.	encourage the child to dictate the story.
Writers Unblocked	Creative writing sessions through picture composition writing, essay or poetry writing etc. will be conducted in class or given for homework. Students will learn sentence making and enhance thinking and writing skills.	Parents to ensure that the child completes any homework given regarding this. Extra practice can also be given to the child. The school will post material on the website too for use of the parent.
My Journal	Journal entry is about writing about one's thoughts and experiences.	Students are supposed to make at least 1 journal entry per week in the ELIP notebook. More can be made too.
School Magazine – The Springer	The school magazine titled – The Springer has been started wherein selected student journalists write articles on different subjects ranging from science and society. However, any student can contribute articles, poems, essays etc. for the Literary section of the magazine.	Parents to encourage their child to write articles, paragraphs, poems, essays etc. on his / her own when possible. Also, kindly encourage your child to read the school magazine.

KINDLY NOTE

- Students who perform well and maintain the ELIP notebook will be awarded with prizes / certificates at the end of T1 and T2.
 - Do not worry about your child making mistakes. Language is learnt gradually through mistakes only. Encourage the child to get involved with the activities without concern for mistakes.
 - Teachers will monitor the work on a monthly basis and conduct activities periodically to teach the students. However, as most of these activities require independent work at home, parents support is needed for successful implementation.
- For any queries or details kindly consult the English teacher of your ward during the upcoming PTM or otherwise
